Please find enclosed two copies of the Final Phase I RCRA Facility Investigation/Remedial Investigation Work Plan for Operable Unit No. 13 (OU 13), 100 Area. These copies are provided for DOE review and subsequent transmittal to the Environmental Protection Agency (EPA) and the Colorado Department of Health. EG&G Rocky Flats Inc. (EG&G) will deliver two copies each of this document to EPA and CDH upon receipt of DOE's transmittal letter.

Delivery of this document by EG&G meets the Interagency Agreement (IAG) milestone date of October 12, 1992. Because October 12, 1992 is a holiday for state and federal agencies, the Work Plan will be delivered by October 9, 1992.

If you have any questions or comments, please contact M. F. McHugh of the Remediation Programs Division at extension 8624.
